A conference for clinical and lay attendees

Discover how people diagnosed with mild to moderate cognitive impairment have regained cognitive function, often completely.

You will learn:

1. The 9 reversible causes of memory loss and dementia
2. The multi-therapeutic approach that works
3. How Sharp Again Naturally is consolidating this info and sharing it with the world.  
Visit [www.sharpagain.org](http://www.sharpagain.org).
4. What three top integrative medical doctors are reporting on the latest research, including case studies and clinically proven practices.

**Don't miss out on this groundbreaking weekend**
